

When mixed to 660 ppm, LUCAS-CIDE™ not only has the highest available germ-killing power, but also the lowest cost per use in the industry. Hospital-grade; kills disease-causing single cell organisms including staph, strep, hepatitis-B, hepatitis-C, herpes and HIV. Helps stop the spread of contagious diseases. Available in blue or pink color choices.

USES

Nail Salons: Nail Implements, Pedicure Whirlpools, Chairs

Hair Salons: Shears, Brushes, Combs, Counters, Styling Tools

Spas: Massage Tables, Showers

MIXING INSTRUCTIONS

1/2 ounce mixed with 1 gallon of water will provide the correct solution mixture.

Mix directly in spray bottle or soak jar by using 1 pumps from either the quart or gallon and filling the spray bottle with water to the fill line.

Use **QUAT TEST™ STRIPS** to ensure proper mixture (660 PPM).

Cost-effective! One gallon makes 256 gallons of diluted solution; one quart makes 64 gallons!

SALON COST

Gallon:	\$69.95
Quart:	\$19.95
Quat test per 100 strips:	\$9.95
Gallon Pump:	\$1.99
